Financial Statements

For the half year ended 31 December 2020

DIRECTORS' REVIEW

The Directors of the company are pleased to present the interim financial statements for the half year ended 31 December 2020.

Operating & Financial Results

Prolonged lockdowns and uncertainty, particularly in Europe and USA, due to the Covid-19 pandemic, affected and continue to affect both the supply and demand-sides of the economy. With the arrival of the second wave from mid Oct-20 onwards, the world economies seem to be facing headwinds once again from rising domestic and external vulnerabilities.

Likewise in Pakistan, the Textile sector finds itself in the midst of unprecedented adversity, marked by shifting customer behavior and disrupted supply chains, which are putting revenues and margins under pressure.

In these difficult times, the Government of Pakistan has extended its support to the export oriented sector with the aim of enhancing Pakistan's competitiveness against regional countries. This has been in the form of lower financing rates, slashing the policy rate by 625bps, release of pending sales tax and income tax refunds and provision of electricity and gas at subsidized rates.

With the assistance of Government support to manage liquidity crunch and by adapting quickly to the adverse situation created by the Covid-19 pandemic, your company managed to post bottom line profitability in the first half of the current financial year. During the half year ended 31 December 2020, your company earned a gross profit of Rs. 832 Million on sales of Rs. 5,857 Million, compared to a gross profit of Rs. 1,245 Million on sales of Rs. 7,131 Million for the corresponding period of the previous financial year. During the period under review, your company recorded a net profit of Rs. 152.4 Million (EPS: Rs. 2.99 per share), compared to net profit of Rs. 345.2 Million (EPS: Rs. 6.78 per share) in the corresponding period.

Performance Overview

A brief overview of performance of your company for the half year ended 31 December 2020 is discussed below:

Weaving Division

The Weaving division gallantly tackled the current challenges and was able to post gross turnover of Rs. 3,669 Million as compared to turnover of Rs. 3,783 Million in the corresponding period of the previous financial year. This is despite the fact that the division is currently undergoing a comprehensive modernization program as a result of which production was ceased on some looms that were marked for replacement. In the second half of the current financial year, the replacement of 62 existing looms with new high speed energy efficient looms will be completed. This will result in increased production capacity and will enable higher operational efficiency for the division.

Dyeing Division

The outbreak of Covid-19 has severely affected the growth trajectory of the Dyeing Division. The management is observing many of the social and environmental consequences of post-pandemic economic structures, and expecting a major shift in worldwide consumption approach for fashion.

While coping with this challenging environment, the Dyeing Division was able to generate a gross profit of Rs.464 Million as compared to Rs. 799 Million in the comparative period. Local sales increased from Rs. 915 Million to Rs. 977 Million and export sales declined from Rs. 3,844 Million to Rs. 2,753 Million.

The effects of the pandemic have started to ease off and consequently international brands have started to resume their retail operations. Keeping in view th trend of economic recovery, the company is hopeful that it will achieve utilization of 80% of the Dyeing Division's operating capacity for the rest of FY21.

Genertek Division

The increase in electricity tariffs along with a looming decision on supply of gas to captive power plants pose significant challenges to the division. These decisions can be expected to cause a decline in profit margins in FY21. Your company is striving to prosper in spite of these challenges. The company is also committed to achieving energy efficiency in its bid to be more sustainable and environment friendly.

During the 3rd quarter of the current financial year, your company will complete the installation of two new 2.5 Megawatt fuel efficient gas engines along with Waste Heat Recovery Boilers to meet our efficiency targets and bring down generation costs.

Future Prospects

The central bank has reduced interest rates by 625bps (from 13.25% to 7%), refinanced wages to prevent layoffs during lockdown period, deferred payments of the principal amount of loans as part of the debt restructuring, and provided relief under the Export Financing Scheme (EFS) and the Long-Term Financing Facility (LTFF). Furthermore, the State Bank has also launched a Temporary Economic Refinance Facility (TERF) for boosting investments in new capacity expansion and up-gradation of technology.

The existing energy package for the export industry and market-based exchange rates have helped exports become competitive. Moreover, the suspension of the International Monetary Fund economic stabilization program has also provided the economy with some breathing space. The external factors includes the US-China tensions and ongoing supply disruptions induced by the Covid-19 pandemic in India and Bangladesh. These factors have helped Pakistan grab additional export orders from Europe and America.

The domestic industry is already planning expansion and is ready to invest \$5bn across the textile chain to double the exports by 2025. But for that to happen we require the long-term policy framework in the shape of the textile policy to ensure that the present favorable policies will not be rolled back in the midst of this anticipated growth period.

The Commerce Ministry has proposed a 5 year Textile Policy which is still awaiting Government's approval. The new textile policy, once approved and implemented, will play a pivotal role in improving exports by supporting the textile industry and will allow consistency in Government policies for the next five years.

The company works with brands which are financially healthy and remain committed to keep their supply chain afloat. The management team is putting together a plan to minimize the effects of the pandemic and emerge as winners in this challenging situation. The prospective order position for rest of the FY21 is quite promising and supportive of the aim of operating at high capacity levels. Keeping in view the aforesaid measures taken by the management and the Government's positive action towards textile reforms, we are confident in maintaining our market share over the rest of FY21.

Acknowledgment

The board places on record its profound gratitude for its valued shareholders, banks, financial institutions and customers, whose cooperation, continued support and patronage have enabled the company to strive for constant improvement. During the period under review, relations between the management and employees remained cordial and we wish to place on record our appreciation for the dedication, perseverance and diligence of the employees of the company.

For and on behalf of the Board

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF KOHINOOR MILLS LIMITED

Report on Review of Condensed Interim Financial Statements

Introduction

We have reviewed the accompanying condensed interim statement of financial position of KOHINOOR MILLS LIMITED as at 31 December 2020 and the related condensed interim statement of profit or loss, condensed interim statement of comprehensive income, condensed interim statement of changes in equity, and condensed interim statement of cash flows, and notes to the condensed interim financial statements for the half year then ended (here-in-after referred to as the "condensed interim financial statements"). Management is responsible for the preparation and presentation of these condensed interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review. The figures of the condensed interim statement of profit or loss and condensed interim statement of comprehensive income for the quarters ended 31 December 2020 and 31 December 2019 have not been reviewed and we do not express a conclusion on them as we are required to review only the cumulative figures for the half year ended 31 December 2020.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

The engagement partner on the review resulting in this independent auditor's review report is Syed Mustafa Ali.

RASHID AHMED DIRECTOR

> **AAMIR FAYYAZ SHEIKH** CHIEF EXECUTIVE

SELECTED NOTES TO THE CONDENSED INTERIM FINANCIAL STATEMENTS (Un-audited) FOR THE HALF YEAR ENDED 31 DECEMBER 2020

THE COMPANY AND ITS OPERATIONS

Kohinoor Mills Limited ("the Company") is a public limited company incorporated on 21 December 1987 in Pakistan under the Companies Ordinance, 1984 (now Companies Act, 2017) and its shares are quoted on Pakistan Stock Exchange Limited. The registered office of the Company is situated at 8-K.M., Manga Raiwind Road, District Kasur. The Company is principally engaged in the business of textile manufacturing covering weaving, bleaching, dyeing, buying, selling and otherwise dealing in yarn, cloth and other goods and fabrics made from raw cotton and synthetic fiber and to generate and supply electricity.

BASIS OF PREPARATION

- 2.1 These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:
 - International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
 - Provisions of and directives issued under the Companies Act, 2017.

Where the provisions of and directives issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2. These condensed interim financial statements do not include all the information and disclosures required in annual financial statements and should be read in conjunction with the annual audited financial statements of the Company for the year ended 30 June 2020. These condensed interim financial statements are un-audited, however, have been subjected to limited scope review by the auditors and are being submitted to the shareholders as required by the Listed Companies (Code of Corporate Governance) Regulations, 2019 and Section 237 of the Companies Act, 2017.

ACCOUNTING POLICIES

The accounting policies and methods of computations adopted for the preparation of these condensed interim financial statements are the same as applied in the preparation of the preceding audited annual published financial statements of the Company for the year ended 30 June 2020.

3.1 Critical accounting estimates and judgments

The preparation of these condensed interim financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

During preparation of these condensed interim financial statements, the significant judgments made by the management in applying the Company's accounting policies and the key sources of estimation and uncertainty were the same as those that applied in the preceding audited annual published financial statements of the Company for the year ended 30 June 2020.

5. CONTINGENCIES AND COMMITMENTS

Contingencies

4.

Except for the contingency stated below, there is no significant change in the status of contingencies as reported in the preceding audited annual published financial statements of the Company for the year ended 30 June 2020.

(i) The Additional Commissioner Inland Revenue (ADCIR) amended the assessments for the tax years 2018 and 2019 under section122(5A) of the Income Tax Ordinance, 2001. ADCIR disallowed certain expenses, tax credit and increased the tax liability by Rupees 8.193 million and Rupees 14.352 million for the tax years 2018 and 2019 respectively. The Company being aggrieved, filed appeals before Commissioner Inland Revenue (Appeals) which are pending for adjudication. The management of the Company is confident that the appeals will be decided in favour of the Company. Hence, no provision / adjustment has been recognized in these condensed interim financial statements.

Commitments

- (i) Aggregate commitments for capital and revenue expenditures are amounting to Rupees 449.307 million and Rupees 155.291 million (30 June 2020: Rupees 109.661 million and Rupees 22.610 million) respectively.
- (ii) Post dated cheques are amounting to Rupees 686.378 million (30 June 2020: Rupees 167.158 million).

SEGMENT INFORMATION

_{ග්}

The Company has three reportable segments. The following summary describes the operation in each of the Company's reportable segments: 9.1

Weaving Dyeing

Power Generation

Production of different qualities of greige fabric using yarn.

Processing of greige fabric for production of dyed fabric. Generation and distribution of power and steam using gas, oil and coal.

10. RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS

(i) Fair value hierarchy

Judgements and estimates are made in determining the fair values of the financial instruments that are recognised and measured at fair value in these condensed interim financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the following three levels. An explanation of each level follows underneath the table.

| Recurring fair value measurements At 31 December 2020 - un-audited | Level 1 | Level 2 | Level 3 | Total |
|---|---------|----------|------------|------------|
| Financial asset | | (Rupees) | | |
| Fair value through other | | | | |
| comprehensive income | - | - | 34,243,084 | 34,243,084 |
| Total financial asset | - | | 34,243,084 | 34,243,084 |
| | | | | |
| Recurring fair value measurements At 30 June 2020 - Audited | Level 1 | Level 2 | Level 3 | Total |
| | | (Rupees) | | |
| Financial asset | | | | |
| Fair value through other | | | | |
| comprehensive income | - | - | 37,197,516 | 37,197,516 |
| Total financial asset | - | - | 37,197,516 | 37,197,516 |
| | | | | |

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

There was no transfer in and out of level 3 measurements.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

(ii) Valuation techniques used to determine fair values

Specific valuation technique used to value financial instrument was discounted cash flow analysis.

(iii) Fair value measurements using significant unobservable inputs (level 3)

The following table presents the changes in level 3 items for the half year ended 31 December 2020:

| | security Rupees |
|---|-----------------|
| Balance as on 30 June 2019 - Audited | 42,572,135 |
| Add : Surplus recognized in other comprehensive income | 4,885,433 |
| Balance as on 31 December 2019 - Un-audited | 47,457,568 |
| Less : Deficit recognized in other comprehensive income | (10,260,052) |
| Balance as on 30 June 2020 - Audited | 37,197,516 |
| Less: Deficit recognized in other comprehensive income | (2,954,432) |
| Balance as on 31 December 2020 - Un-audited | 34,243,084 |

(iv) Valuation inputs and relationships to fair value

The following table summarises the quantitative information about the significant unobservable inputs used in level 3 fair value measurements.

| Description | Fair value as at | | as at Un-observable | inputs | Range of inputs (probability-weighted | Relationship of un-observable |
|-------------|-----------------------------------|----------------------------|---------------------------------|--------|---------------------------------------|-------------------------------|
| · U | Un-audited 31 December 2020 | Audited 30 June 2020 | average) 31 December 2020 | | inputs to fair value | |

Rupees Rupees

FVTOCI financial assets:

Security General Insurance Company Limited 34,243,084 37,197,516 Terminal growth factor 2.00% Risk adjusted discount rate 13.49%

Increase / decrease in terminal growth factor by 1% and decrease / increase in discount rate by 1% would increase / decrease fair value by Rupees +6.649

million / -4.757 million.

Unlisted equity

There were no significant inter-relationships between un-observable inputs that materially affect fair values.

Valuation processes

Independent valuer performs the valuation of non-property item required for financial reporting purposes, including level 3 fair values. The independent valuer reports directly to the chief financial officer. Discussions of valuation processes and results are held between the chief financial officer and the valuation team at least once every six month, in line with the Company's half yearly reporting period.

The main level 3 inputs used by the Company are derived and evaluated as follows:

Discount rates for financial instruments are determined using a capital asset pricing model to calculate a rate that reflects current market assessments of the time value of money and the risk specific to the asset.

Earnings growth factor for unlisted equity securities are estimated based on market information for similar types of companies.

Changes in level 2 and 3 fair values are analysed at the end of each half yearly reporting period during the valuation discussion between the chief financial officer and the independent valuer. As part of this discussion the independent valuer presents a report that explains the reason for the fair value movements.

11. RECOGNIZED FAIR VALUE MEASUREMENTS - NON-FINANCIAL ASSETS

(i) Fair value hierarchy

Judgements and estimates are made for non-financial assets that are recognized and measured at fair value in these condensed interim financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its non-financial assets into the following three levels.

| At 31 December 2020 un-audited | Level 1 | Level 2 | Level 3 | Total |
|---|---------|------------------------------|---------|------------------------------|
| | | (Rupees) | | |
| Property, plant and equipment: | | | | |
| Freehold landBuildings | - | 1,452,752,428 983,905,614 | | 1,452,752,428 983,905,614 |
| Total non-financial assets | - | 2,436,658,042 | 2 - | 2,436,658,042 |
| | | | | |
| At 30 June 2020 Audited | Level 1 | Level 2 | Level 3 | Total |
| | | (Rupees) | | |
| Property, plant and equipment: | | | | |
| - Freehold land | - | 1,351,146,621 | - | 1,351,146,621 |
| - Buildings | - | 1,009,133,930 | - | 1,009,133,930 |
| Total non-financial assets | - | 2,360,280,551 | - ! | 2,360,280,551 |

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the half year ended 31 December 2020. Further, there was no transfer in and out of level 3 measurements.

(ii) Valuation techniques used to determine level 2 fair values

The Company obtains independent valuations for the items of property, plant and equipment carried at revalued amounts every three years. The management updates the assessment of the fair value of each item of property, plant and equipment carried at revalued amount, taking into account the most recent independent valuations. The management determines the value of items of property, plant and equipment carried at revalued amounts within a range of reasonable fair value estimates. The best evidence of fair value of freehold land is current prices in an active market for similar lands. The best evidence of fair value of buildings is to calculate fair depreciated market value by applying an appropriate annual rate of depreciation on the new construction / replacement value of the same building.

Valuation processes

The Company engages external, independent and qualified valuer to determine the fair value of the Company's items of property, plant and equipment carried at revalued amounts at the end of every three years. As at 30 June 2018, the fair values of the items of property, plant and equipment were determined by Messers Hamid Mukhtar and Company (Private) Limited, the approved valuer.

Changes in fair values are analysed between the chief financial officer and the valuer. As part of this discussion the team presents a report that explains the reason for the fair value movements.

12. TRANSACTIONS WITH RELATED PARTIES

Related parties comprise key management personnel and provident fund trust. The Company in the normal course of business carries out transactions with related parties. Detail of transactions with related parties are as follows:

15. AUTHORIZED FOR ISSUE

14.

These condensed interim financial statements were authorized for issue on 23 February 2021 by the Board of Directors of the Company.

16. CORRESPONDING FIGURES

In order to comply with the requirements of International Accounting Standard (IAS) 34 "Interim Financial Reporting", the condensed interim statement of financial position and condensed interim statement of changes in equity have been compared with the balances of annual audited financial statements of preceding financial year, whereas, the condensed interim statement of profit or loss, condensed interim statement of comprehensive income and condensed interim statement of cash flows have been compared with the balances of comparable period of immediately preceding financial year.

Corresponding figures have been re-arranged, wherever necessary, for the purpose of comparison, however, no significant re-arrangements have been made.

17. GENERAL

Figures have been rounded off to the nearest of Rupees unless otherwise stated.
